

MULTIMEDIA REMOTE

one remote control for all your needs!

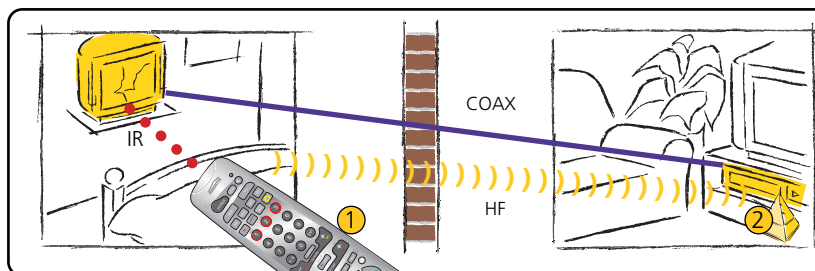

***Pre-programmed for all common brands
and models from 1981***

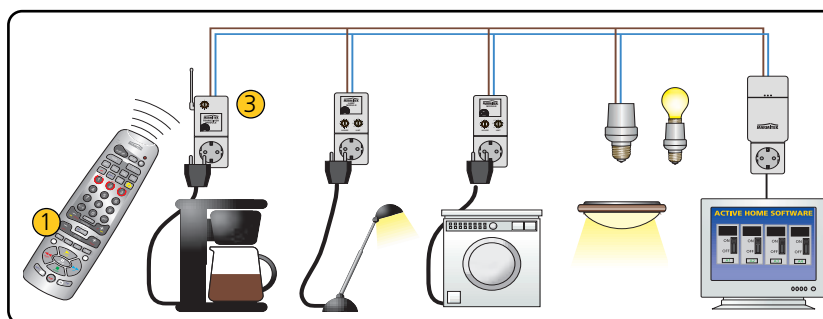

***Switch and dim lights and appliances,
through walls and ceilings***

***Set your appliances and lights with
one press of a button***

- Suitable for TV, Video, DVD, Satellite Receiver, Canal+, CD, etc.
- Pre-programmed and capable of learning extra codes.
- Suitable for menu control and programming your VCR.
- Control your PC (MP3, DVD, DIVX) through walls and ceilings (using the optional PC Receiver, art. nr. 09255).
- Suitable for Marmitek X-10 Home Automation: switch and dim lights and appliances.
- Transmits both IR and radio frequency signals.
- Home Theatre Macro Function: set all appliances and lights with one press of a button.
- Blank buttons which you can program according to your wishes.

Automatic transmission of both infrared and radio frequency signals. With the optional PowerMid Receiver you can even control your appliances through walls and ceilings! Easy when you want to control your satellite receiver in the living room from the bedroom...

The Marmitek Multimedia Remote Control is also suitable for other Marmitek X10 Home Automation appliances. You can use it to dim and switch lights and control other appliances (such as sun blinds and screens) without getting up out of your chair! For more information, visit www.marmitek.com.

ALSO AVAILABLE

- ① 8 in 1 Multimedia Remote
- ② PowerMid Receiver to control AV equipment through walls and ceilings via HF signals
- ③ Transceiver Module TM13 for control of appliances and lights. See www.marmitek.com
